# Dispensing Catalogue

2025

## Dispensing Catalogue

At Centre Packaging, we have carefully curated a new product catalog showcasing our range of dispensing options, including lotion pumps, trigger sprayers, and mist sprayers, tailored for the cosmetics industry. Our selection of high-quality, aesthetically pleasing dispensers not only serve as functional products but also enhance the user experience. Recognizing the significance of packaging in conveying your brand's identity, our products are designed to reflect this aspect. Explore our catalog to discover the perfect dispensing solution for your cosmetic items.

# OUR Services

Please note that all items in our catalogue are subject to Minimum Order Quantity (MOQ) and stock availability. For more details, kindly reach out to us.

## Tooling And Custom Molding

Centre Packaging specializes in custom mould design and manufacturing, offering personalized packaging solutions that meet international standards.

We prioritize innovation and quality, ensuring packaging aligns with clients' brand identities.

Our services cater to a diverse range of industries, providing functional and aesthetically pleasing packaging options.

## Printing Services

By utilizing flexographic printing, we have the capability to create personalized designs and branding on packaging materials.

## Customer Support

From product concept to completion and delivery, Centre Packaging ensures peace of mind throughout the transaction and guarantees a premium product every time.

## Colour Matching & Sampling

Innovative Colour Solutions at Centre Packaging are custom-tailored to enhance both the aesthetic and functional aspects of your packaging. Aligned with your brand identity, our solutions elevate product appeal and market distinction, underpinned by our commitment to quality and customer satisfaction.

## Industry-Specific Solutions

Centre Packaging caters to businesses in the cosmetic, chemical, household, gardening, personal care, automotive, medical & pharmaceutical, food & beverage, and industrial sectors.

## Contract Packaging

Providing a comprehensive contract packing service that includes sourcing, printing, filling, packing, and preparing packaging materials for dispatch.

25 Years  
Experience

28  
Engineers
